

# OCTOBER

Inspiring. Building. Transforming.

## Junior Pioneers

Our annual President's Reading is always a big hit! Brother and sister duo, Sam and Erica, met with President Petillo to pick out Wings by Christopher Myers as this year's pick. Following the event, students hosted an ice cream and dance party in the President's lawn. Talk about fun in the sun!

## Volunteer Corner

## Summer Smiles

This summer Horizons SHU hosted 151 students in grades K-6 during our summer enrichment program. This is our biggest year yet! In partnership with Achievement First, this is the second year we hosted a 2nd grade class to join the fun. With reading and STEM events, weekly field trips and our confidence-building swimming program, our students were ready to return back to school with a greater confidence to succeed. The Horizons SHU program brings smiles all around.

## Why I Support Horizons

This year we held a special tree planting service dedicated to the Kreitler family. Hoby and Sally are constant supporter of the Horizons at SHU and we can't thank him enough for all of his contributions to our program.

“The Kreitler Foundation has been providing financial and personal support to enhance educational opportunities for Bridgeport's underserved youth since 1988. We have been fortunate to have been able to be instrumental in starting two such Horizons programs which now serves almost 300 Bridgeport students.” - Hoby Kreitler
